

A Day in 2050: The Future.
 The year is 2050. The world you wake up in depends on the choices made decades ago.

THE WORLD THAT BURNED
 A future where radiation
 led to devastation

THE WORLD THAT HEALED
 A future where sustainability
 saved the planet

SCENE-1

Introduction (Main Page - World Selection)

Visual:

- * A dark Screen fades in to reveal the title
- * Below the title, the subtitle appears

User Interaction:

Two large Cards fade in from opposite sides.

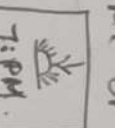

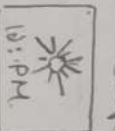

- * Burned World: A dark, polluted cityscape with a red-black gradient overlay.

- * Healed World: A lush, green landscape with a green-blue gradient overlay.

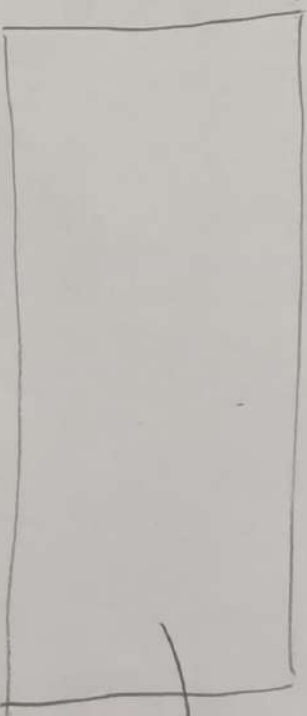

User Action:

- * Hovering over a card slightly enlarges it
- * Clicking a card transitions to the Fine Selection Page with a smooth animation

SCENE-2.

TIME SELECTION

Visual:

- * A new Screen Slides in with the Header: Choose your time of day, futuristic text
- * Three Buttons representing MORNING, MIDDAY, and EVENING

Each Button has a corresponding icon

MORNING: A warm yellow sun icon

MIDDAY: A bright orange sun at its peak

EVENING: A cool blue moon symbol

User Interaction:

- * Hovering over a button lightens its color slightly
- * The active time button is highlighted with a soft glow

User Action:

- * Clicking a button reveals the Scene View, corresponding to the chosen time and world

Video or
Picture.

A Dark, orange-hued sky filled with
smog. Buildings covered in dust &
pollution.

Play voiceover

English

Good Morning. The time is 7 AM, and the temperature has already
reached 41°C. The heatwave warning remains in effect, with
peak temperatures expected to exceed 51°C by midday.
The quality is at dangerous levels.

SCENE - 3. (Scene view)

Visual

- * The Selected Scene fades in - a large, immersive image fills the screen.
- * Over the Scene, a description panel appears with narrative text explaining the world's condition.
- * Below the scene, a Voiceover Panel slides up with:
 - * Play / Stop Button: Begins or stops the audio narration.
 - * Language Selector: Allows the user to change voice over language.
